1. In a conversation with Mr. Barber and Mr. Titus of the Bureau of the Budget, I informed them that their revision of the proposed CIA Executive Order regarding an Agency seal, forwarded to the Director of the Bureau of the Budget by the DCI on 18 January 1950, was not acceptable. Exception was taken to the language changes in the interpretation of the seal. Our objections were accepted by the Bureau of the Budget, and it was then further agreed to eliminate completely from the Executive Order any interpretation of the seal. The interpretation is not necessary, and this was the first time in their memory that it was included. 25X1A
